

Airtel pips Maruti, Axis Bank; now 13th most valued firm by m-cap

Stock hits near 15-month high to emerge the best performer on Nifty

YOUSEF KP
Mumbai, August 6

THE BHARTI AIRTEL stock has been surging in the past three trading sessions and has emerged as the best performer on Nifty50. The firm's consolidated revenues in the June quarter rose 2.6% sequentially, led by a 3.3% increase in Arpu (average revenue per user). The divergence in the performance of Vodafone-Idea and Airtel is what has given confidence to investors, giving the stock a big boost. The growing appetite for the stock helped Bharti Airtel become the 13th most-valued firm by market capitalisation (m-cap) on Tuesday from its rank of 21 at the beginning of the year. The market valuation of the stock climbed to ₹1.89 lakh crore after surpassing that of Axis Bank, Maruti Suzuki, ONGC and many others. In the past six months, the firm's shares have soared nearly 30% against a 1.03% loss clocked by Nifty50 during the

same period. On Tuesday, the stock added another 3.01% to hit a near 15-month high. The m-cap has added about ₹23,000 crore post its Q1 results. The surge in the stock came at a time when 60% of the Nifty constituents yielded negative returns in the past six months. The company did well on the operating metrics front in Q1 with its Arpu increasing 5.1% sequentially at ₹129, higher than Jio's ₹122 and Vodafone Idea's ₹108. In fact, this is the first time that Bharti's Arpu came higher than that of Jio. Analysts believe Arpu growth will likely extend on rising data consumption and 3G subscribers moving to 4G before retirement of its 3G network by March 2020. "The intrinsic

movement or improvement in ARPU will now be a function of upgrading from 2G to 4G, and our program on Airtel Thanks, which will drive some upgrading," Gopal Vittal, MD and CEO (India and South Asia), Bharti Airtel, said post Q1 results. Edelweiss Research believes the industry structure is fundamentally changing with all operators looking to deleveraging their balance sheets by selling non-core assets like fibre and towers and operators are designing tariff plans to ensure they get maximum Arpu from customers. "Bharti, with its strong 4G subscriber addition, is well placed to capitalise on higher smartphone pricing," the domestic brokerage said.

DHFL stock surges 32%; steepest climb since 1992

DIVYA PATIL
Mumbai, August 6

DEWAN HOUSING FINANCE Corp surged by the most in nearly three decades after the struggling financiers said it plans to secure funds from banks to restart retail lending under its draft proposal to repay lenders. The shares rallied 32% to ₹55.4 at the close, the steepest climb since March 1992. The mortgage lender has seen its market value collapse more than 90% in the past year after default at the IL&FS Group last September led to a crippling liquidity crisis for the nation's shadow banks. Under the draft proposal, creditors won't have to take a haircut on principal payments, according to an exchange filing Tuesday. The company also seeks a moratorium on repayments and align asset-liability mismatches. The proposal, which is yet to be submitted to creditors, was approved after discussion with financial advisor Ernst & Young, the company said. Dewan has about ₹63.6 billion of bond payments due this quarter. **BLOOMBERG**

Rupee falls for fourth straight day, down 8 paise

PRESS TRUST OF INDIA
Mumbai, August 6

THE RUPEE EXTENDED losses for a fourth session on Tuesday, dropping 8 paise to 70.81 against the dollar ahead of the RBI's monetary policy decision. Unabated foreign fund outflows and higher crude oil prices have taken a toll on the domestic currency's health. At the interbank foreign exchange (forex) market, the domestic currency opened at 70.80 a dollar and touched a high of 70.47 and low of 70.89 during the day. The local unit finally closed at 70.81 against the American currency, down 8 paise over its previous close. In the past four sessions, the Indian unit has lost 202 paise. On Monday, the domestic currency had suffered the biggest single-day drop in past six months — closing at a five-month low of 70.73 a dollar. Overall sentiment was hit by heavy capital outflows by investors anxious over the US-China trade dispute and a sharp devaluation in yuan and uncertainty over Kashmir issue.

Benchmark indices close higher on RBI rate cut hopes

PRESS TRUST OF INDIA
Mumbai, August 6

EQUITY BENCHMARKS THE Sensex and Nifty rebounded on Tuesday, a day after plunging to five-month lows, as investors lapped up bank and auto sector stocks with hopes that the RBI will cut repo rate to lift sagging consumer sentiment. After swinging over 705 points during the day, the 30-share BSE index closed at 36,976.85, rising 277.01 points or 0.75%. The gauge hit a high of 37,241.77 and a low of 36,536.59. The broader 50-share Nifty ended 85.65 points or 0.79% higher at 10,948.25. The RBI Monetary Policy Committee (MPC) is scheduled to announce its third bi-monthly policy of the ongoing fiscal on Wednesday. Besides, the market also got a boost from a hint that the government might soften its stand on higher super-rich surcharge on foreign portfolio investment. The Sensex chart was led by Yesbank, with its shares climbing 5.30%. Other major gainers were TechM, Bajaj Finance, Bharti Airtel, Maruti, Asian Paints and Hero MotoCorp — rising up to 3.97%.

up to 0.68%. The broader BSE midcap and smallcap indices followed benchmarks, rallying up to 1.72%. According to analysts, markets gained strength on the back of buying by investors ahead of key RBI policy announcement on Wednesday. The market breadth was tilted in favour of buyers as 1,637 stocks advanced and 809 declined on the BSE. Market recouped Monday's losses aided by broad-based buying across sectors supported by the finance minister's decision to have a discussion over foreign portfolio investment outflow of liquidity, said Vinod Nair, head of research, Geojit Financial Services. The industry is also expecting the MPC to take steps to improve liquidity situation and ensure transmission of rate cuts to borrowers by the banks. Meanwhile, positive sentiment ahead of finance minister's meetings with industry leaders amid anticipation of steps to improve the state of the economy quickly too buoyed market mood here, he added.
